Progressive Integrations, Inc.,

Press Release

Announcement of this year's Association of Computer Repair Business Owners Scholarship Awardees 2011

Each year the association receives applications for the scholarship from all over the United States, for the 2nd year in a row, a local deserving student receives the scholarship

Johns Island, SC, May 23, 2011: The scholarship was established to provide financial assistance to a deserving individual(s). Applicants must be high school seniors graduating in the spring/summer semester, whose plans include the technology industry through attending college, business school, technical training or actual hands-on in the industry.

This year's awardees:

This year's selectees are Shaquoya Moultrie from Edisto Island SC who plans on attending Winthrop University and Shawn Hanson from Barnardsville NC who plans on pursuing a career in the Information Technology field.

About Progressive Integrations, Inc.:

With over a decade of serving the needs of Charleston, Kiawah, Seabrook and John's Island, Mount Pleasant and surrounding areas, we have achieved a reputation of providing customer service that consistently exceeds our clients' expectations and demonstrates our commitment to excellence and quality.

Progressive Integrations will take the confusion out of designing the system of your dreams. Our audio video integration specialists and designers will work closely with your builder, interior designer, architect, and electrician to ensure your system will integrate properly into your home. Progressive Integrations is also a full service computer consulting firm specializing in home user and small businesses. Our services range from virus removal, network support, data systems backup, hardware and software upgrades, as well as managed services.

Whether you are building a new home, renovating, have a small business or just want to upgrade your existing system, let our team of experts show you how easy and affordable home/business automation can be.
